- Summary – Why Worksafe Platforms?

Transforms your ladder into a Platform:

- Attaches to your extension ladder – domestic & industrial
- Health and Safety compliant (HSE) – safe, stable easy to use
- Essential where TWO HANDS ARE REQUIRED
- Operates safely up to 7.4 meters – 24 feet
- Load tested to 410 lbs (186 kilo's) – 29 stone person
- Working deck area 600mm x 600mm (BSI guidelines)
- Safety chain to protect operator
- Takes the place of tower platforms, scaffolding etc.
- Folds flat for storage and transport

Mini Worksafe Platform

4

Stand alone working at height solution:

- Light, stable strong
- Easy to use no tools required
- Folds flat for ease of storage and transport
- Work tray for paints, tool etc.
- Safety Chain protects operator
- Mini Worksafe operates at 500mm (however, can be ordered to reach heights of up to 2 metres)

Health and Safety

5

Health and Safety issues:

- Use of ladders under ever increasing scrutiny
- Falls from Height are a key priority in the Health and Safety Commission Injury Reduction Programme – goal to reduce injury rates by 10% by 2010
- HSE stress companies select the right work equipment to prevent falls (such as guardrails and working platforms)

Worksafe Platforms are HSE compliant providing:

- Operator fully protected on all sides
- Work deck area of 600mm x 600mm conforming to BSI guidelines
- Designed to operate at a 70 degree angle- to fall within 65/75 degree HSE recommendation

Applications

6

Ideal for a wide range of industrial/private applications:

- Hire Company applications
- Builders
- Civil Engineers
- Maintenance Companies
- Painting and Decorating
- Utility Companies
- Private individuals
- And many more.....

Design Concept

7

Worksafe Platforms offer:

- A light weight solution – under 25 kilo's
- Flexible when not in use, becoming rigid when in place on walls or poles
- Easy to join Platform and bottom bracket to top and bottom of ladder
- Swivel feet with NON-SLIP rubber - option to insert pegs into feet for improved safety and stability
- Safety Straps could be attached, if required at top end
- Access for one operator – specified weight up to 350lbs (load tested to 410lbs)

Built to survive in hostile working environments:

- Constructed of high grade industrial quality aluminium
- Load tested in excess of 350lbs/159 kilo's
- Stainless Steel bolts
- Swivel feet with non slip rubber pads
- Spring loaded locating pins, securing upper arms and deck
- Worksafe Junior fits standard or industrial aluminium extension ladder
- Platform supports pass through top two rungs – designed to be load bearing
- Non slip stabilising feet/bottom bracket joins bottom two rungs – load spread over these rungs
- Can be folded for storage/transport while attached to ladder or quickly removed to reduce overall length

Testimonial – Buchan Concrete Solutions

9

Bespoke design of the original Worksafe Platform

The brief – to design a suitable platform offering the following benefits:

- Operator able to safely work at 3.5 metres
- Use of both hands to control 4” diameter hose to deliver liquid concrete to pre-formed concrete walls

In 2009 designed Mini Worksafe Platform for use at Heathrow Airport Terminal 5 Hilton Hotel, to use in addition to original platform

“Worksafe platforms have enhanced our safety culture and saved us tens of thousands of pounds by replacing much more expensive working at height apparatus”

Contracts Director, Buchan Concrete Solutions

Why Worksafe Platforms?

Work safe

10

A NEW Unique solution for working at height safely:

- Addresses the ever present Health and Safety regulations at minimal cost compared with other available equipment
- The first and only Platform designed to fit on a standard aluminium ladder
- Built to last in hostile working environments
- Light weight and safe for operators
- A strong, robust and easy to fit Platform requiring NO TOOLS
- NO parts to lose
- Folds flat in seconds for ease of transport and storage

‘Worksafe Platforms are built to survive in hostile working environments – designed to protect you and your staff’

NOTE: 12 month unconditional guarantee – excluding accidents or misuse
